## **CMSA Scholarship Program 2007**

The Canadian Meat Science Association (CMSA) is pleased to be involved in awarding two scholarships per year to promising graduate students studying Meat Science in Canada. These scholarships are:

- A) Percy Gitelman Memorial Scholarship, sponsored jointly by the Canadian Meat Science Association and Newly Weds Foods, Inc.
- B) CMC Associate Members Scholarship, sponsored by the Associate Members of the Canadian Meat Council.

The purpose of these scholarships is to promote quality education and development of meat science research in Canada. The awards are valued at \$3,000 each and will be presented at the CMSA Technical Symposium on May 8, 2008 in Niagara Falls. Travel expenses and registration fees for the meeting will be provided for the scholarship winners. Winners will be expected to present a 15 minute communication on their research at the Technical Symposium.

All applicants will receive a one-year complimentary membership in CMSA.

### **Eligibility**

Graduate students in any year of a recognized, full time MSc. or PhD. program at a Canadian University, who are conducting applied or basic meat research, are eligible to apply. Previous CMSA Scholarship Program winners are not eligible.

### **Application Procedure**

An application form can be obtained from CMSA at:

[Cindy.Rowles@ualberta.ca](mailto:Cindy.Rowles@ualberta.ca) or <http://cmsa-ascv.ca>

or

Cindy Rowles

CMSA

4-10 Agriculture/Forestry Centre

University of Alberta, Edmonton, AB T6G 2P5

Applicants can either submit the application by email or by mail to the Canadian Meat Science Association. Applications can be submitted in English or French.

### **Evaluation Procedure:**

The applications are reviewed by referees from industry and from government/academia and will be evaluated on:

- A) Scientific merit and innovation of the project, including appropriateness and validity of experimental design, degree of innovation of the project and the contribution of the research to basic knowledge.
- B) Potential impact of the project on the meat industry and to meat science, keeping in mind that some projects may have a significant impact only in the long term.
- C) Individual academic performance and research potential, based on the academic record of the student, letters of reference provided and the project description.

### **DEADLINE: January 1, 2008.**

Applications should be forwarded to:
