

## CSAS Animal Industries Award in Extension and Public Service

### Doris Pellerin, PhD

Université Laval

*presented by*

Dawn Lawrence

Canadian Pork Council

Reynold Bergen

Canadian Cattlemen's Association

As Senior Beef Research Scientist with Alberta Agriculture and Rural Development, John has over 25 years experience in beef cattle production and management. His current areas of work include projects on improving feed efficiency, genetic markers development for economically important traits, improving carcass quality and Greenhouse Gas quantification and mitigation in beef cattle.

He is an Adjunct Professor at the University of Alberta, member of the Alberta Bovine Genomics Program, and past Associate Editor for the Canadian Journal of Animal Science. He is also the author or co-author of more than 300 scientific and extension articles on beef cattle production and has spoken at many national and international conferences.

John received his Ph.D. degree in Animal Genetics and Biochemistry in 1981 from the University of Alberta.
